The screenshot shows a web browser window with the address bar displaying a URL from `ecu.webex.com`. The page header includes the **webex** logo and the text "For ECU". A modal dialog box titled "Open Webex?" is centered on the screen, containing the text "https://ecu.webex.com wants to open this application." and a checkbox labeled "Always allow ecu.webex.com to open links of this type in the associated app". Below the checkbox are two buttons: "Open Webex" and "Cancel". An arrow points from the "Open Webex" button in the dialog to the "Join from your browser" link on the page below. The main content of the page reads "Starting your meeting." followed by "Click **Open Webex** in the browser message." Below this is a horizontal line with the word "Or" in the center, and the link "[Join from your browser.](#)". At the bottom of the page, there is a small note: "If you don't see a message from your browser, [open the desktop app](#). Don't have the desktop app? [Download it now](#)."
