Please provide a brief biographical sketch (300-700) words about your nominee.

The first paragraph should be a brief description of their current position or their last position before retiring.

The second paragraph should be a description of the nominee's educational background and career: when and where they received their degrees, when they entered the nursing profession, years of experience, places they worked, and a summary of their most significant nursing positions.

The third paragraph should be a summary of the awards and the certifications they have received.

In the spirit of our ECU motto "Servire" (To Serve), the fourth paragraph should be a synopsis of the community service and involvement of your nominee. Their areas of service should be non-work related. Examples of community service may include volunteer work with non-profit organizations (e.g., American Cancer Society, American Red Cross), national, state, county, or city boards (e.g., a county Board of Health), service club organizations (e.g., Rotary International), community organizations, service fraternities/sororities, or religious organizations.

If your nominee is selected for induction, parts of your biographical sketch will be read during the CON Hall of Fame and Distinguished Alumni Ceremony, so please provide specific examples describing their exemplary contributions.
